Viola Dana, charming little Metro tersion of the famous novel of that name from the famous pen of Myrtle Reed, the eminent novelist, has two listinct roles in the picture. First she will be seen as Constance North, the mother, when a young bride, and later as Barbara, the daughter. The characters although supposed to re-mble each other in features, have two decided personalities, and Miss Dana is given ample opportunity to play her remarkable versatility in aracter work. John H. Collin adapt-and directed Flower of the Dusk. This dramatic and absorbing presen-ution will be the attraction at the Greed theatre today and will show the coutiful old New England village in which Myrtle Reed wrote her charm-ing work, and where the Metro com-tany went to take many of the scenes

Other pictures on the bill include Pearl White in the closing chapter of The House of Mate, a new Mack Sen-bett company, and the Burton Holmes

The readers of this paper will be piessed to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions, required constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the feundation of the disease giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curalive powers of Hall's Catarrh Medicine that they offer One Hundred Dallars for any case that it fails to the send for list of testimonials.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CA-TARRH, CATARRHAL DEAF-NESS AND HEAD NOISES

If you know of someone who oubled with catarrhal deafness, he troubled with catarrhal deafness, head noises or ordinary catarrh, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

under more favorable climate conditions.

Secure from your druggist I ounce of Parmint (Double strength). Take this home and add to it ½ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the custachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has caturrh or head noises or is hard of hearing should give this treatment a trial. The Lee & Osgood Co.

ed there in large numbers were disappointed. The flyers failed to appear. Various mishaps occurred so they could not keep the appointment.
